William Greenfield, President
The Greenfield Group
2300 Glades Road
Suite 100 E
Boca Raton, Florida 33431

Dear Bill:

A personal thanks for doing such a great job with the WMC Partners, Ltd project over the past ten years. The Greenfield Group has performed exceptionally well in managing the property despite numerous adversities such as the past several hurricane seasons.

I can confidently speak for all the physician partners to say that the financial success of the project since inception has far exceeded our expectations. The quarterly distributions have been strong for many years and the recent sale of the property was phenomenal, to say the least.

Kudos to you Bill for your leadership and financial expertise you have shared with us over the past decade.

Warmest personal regards,

Curtis D. Johnson, D.O.
